

THE MOST WIDELY RECOMMENDED DEHUMIDIFIER BRANDS  
IN THE INDUSTRY.

## Dehumidified Air Solutions Turnkey from A-Z

When it comes to your indoor pool HVAC system, Dehumidified Air Solutions National Accounts is your turnkey partner for equipment selection, design, service and after-sales support.

## Best Equipment in the Industry

Dehumidified Air Solutions includes the three leading equipment brands in the indoor pool dehumidification industry. After years of innovation with the Dectron, PoolPak and Seresco brands, we offer the best equipment on the market, both for overall efficiency and ease of operation.

Our National Accounts program streamlines all aspects of your indoor pool dehumidification requirements.

- One point of contact to help you manage equipment across multiple sites.
- Access to the industry's true experts.
- Nationally negotiated rates for equipment, parts and service packages.

## Turnkey Contracting Partners

Finding a mechanical contractor who can provide competitive pricing and correctly install a pool dehumidifier is challenging. Pool jobs are complex — not many contractors specialize in this niche area when it comes to HVAC.

With our Preferred Partners, you get smooth and trouble-free installations. Never worry again about another job — our Preferred Partners are vetted experts who are a perfect fit for your needs.

- Competitive and accurate pricing.
- Contractors who know the equipment and how to install it for optimal performance.
- Service is available across North America.

## Full Factory Support

After our Preferred Partner has installed and started up your new equipment, your first year of factory-direct support is included. That means you get the best possible support, because it's provided by the factory technicians who only work with your dehumidifier equipment.

- Unit is connected to factory web monitoring platform at installation, allowing both you and our technicians to monitor unit and assure peak performance.
- Should a technician need to visit the unit, it is a factory technician who does nothing but support units like yours.
- Service contracts available to extend support period after initial year.

As a member of the National Accounts Program from Dehumidified Air Solutions, you get the best product with a smooth and trouble-free experience, before, during and after the installation.
